

SPENCER FELDMANN

spencerfeldmann2@gmail.com | (410) 972-5821 | Arnold, MD
LinkedIn: <https://www.linkedin.com/in/spencer-feldmann/>

EDUCATION

University of Maryland Aug 2024 - May 2028
Dual Degree: B.S. in Computer Science and B.A. in Economics College Park, MD
Minor: Rhetoric | Dean's Merit Scholar; College Park Scholars - Data Justice Program
Future interests: Passionate about AI tools and LLMs, including practical experience with ChatGPT, Claude, and Gemini.

TECHNICAL SKILLS

Languages / Frameworks: Python, C, Java, JavaScript, HTML/CSS, SQL, React.js, OCaml, Assembly, Coral, Rust
Tools / Technologies: Firebase, Pandas, Git, Node.js, Salesforce, Mailchimp, Excel, SharePoint (Put skills at the top)
Relevant Coursework: Data Structures, Algorithms, Object-Oriented Programming, Human-Computer Interaction, Linear Algebra

EXPERIENCE

Habitat for Humanity - Data Analyst Intern Silver Spring, MD | Dec 2025 - Present

- Developing an **Excel tool** to aggregate **energy audit data** and estimate household energy, utility, and **GHG savings**
- Applying **EPA emission factors** to convert projected energy reductions into estimated greenhouse gas savings
- Designing **Excel dashboards** and visualizations to summarize climate resiliency metrics and program impact
- Structuring **data inputs** and **reference tables** to standardize analysis across energy audits, counties, and projects

Innovative Healthcare Services, Inc. (Rated 2,557 in the 2024 Inc. 5000 List) - Intern Arnold, MD | Summers 2024 & 2025

- Consolidated user data from **Salesforce, Mailchimp**, and company systems into a **unified dataset**, improving consistency
- Troubleshoot **website errors** to restore medical files for healthcare providers, ensuring timely and accurate access
- Documented** user-security protocols and web enhancements in **SharePoint**, standardizing processes across the team
- Analyzed **website reporting data** to identify, visualize, and reduce redundancies, streamlining reports and providing insights

Lenhart Traffic Consulting, Inc. - Intern Severna Park, MD | Jul 2022 - Feb 2023

- Modeled** and simulated project solutions for local and state **transportation initiatives** using **MicroStation**
- Updated **2D and 3D engineering drawings** using **MicroStation**, improving workflow efficiency and deliverable quality

INVOLVEMENT

Hack4Impact - Bootcamp Member College Park, MD | Jan 2026 - Present

- Completing a semester-long full-stack Bootcamp with hands-on experience in **Git/GitHub, HTML, CSS, JavaScript/TypeScript, React, Node.js, Firebase**, and **REST APIs**
- Collaborate on sample projects in a team setting, practicing **code reviews, Agile workflows**, and project planning
- Prepare to join nonprofit client teams to build practical software solutions and contribute effectively to real-world projects

Habitat for Humanity - Volunteer Multiple Locations | Sep 2020 - Present

- Completed **290+ hours** across **9 service trips**, contributing to home construction, demolition, and renovation projects
- Built **2 full homes** in 8-day builds and constructed **84 picnic tables** and **4 benches** during rapid community builds
- Supported ReStore operations by organizing inventory, staging merchandise, and assisting customers
- Delivered a **\$150 grant-winning advocacy speech** for Habitat through the Do Good Certificate program

Scholars LLP: Data Justice - Inaugural Cohort Member College Park, MD | August 2024 - Present

- Peer Mentor**, supporting mentees, planning events, providing guidance, and facilitating engagement in program activities
- Advisory Board member**, giving student-centered feedback to shape and improve the curriculum for future cohorts
- Scholars Ambassador**, advising prospective students on program benefits, providing a realistic student perspective, consulting with faculty on program initiatives, and guiding new students through the program onboarding process

PROJECTS

Maze Solving Program - C, Breadth-First Search (BFS) 2025

- Implemented a **command-line** maze-solving algorithm using **Breadth-First Search** to determine optimal paths in NxN grids
- Developed a system to read, process, and solve multiple mazes from **input files** while efficiently handling varied **test cases**

Social Media App - Java, Graphs, Linked Lists 2024

- Built a **Java** social networking app using **edge-weighted graphs** and **linked lists** for friend connections and traversal
- Implemented friending, user interactions, and **graph traversal** features to create a realistic social network experience

Statistics Storing System - Python, JSON 2022

- Created a **JSON-based data storage system** to manage player statistics and leaderboard information
- Developed **scripts** to **parse, store, and retrieve** user **data**, enabling **statistical analysis** and score tracking

ACADEMIC AWARDS & HONORS

Secured 3rd Place in International Code Quest as Team Captain in a Lockheed Martin sponsored coding competition Feb 2024
First Place Overall - Team, Anne Arundel Community College Mathematics Competition, AACPS Mar 2024
Do Good Certificate - Habitat for Humanity | Delivered an advocacy speech securing grant funding for a school club Dec 2025
